

# **KanCare Expansion Radio Spots FINAL**

## **Good for Kansas and Kansans - 00:30 Script**

Insurance makes health care more affordable, but thousands of hard-working, low-income Kansans can't afford health insurance.

It doesn't have to be that way. Expanding KanCare will help more Kansans get the health care they need.

KanCare expansion will also bring millions of new dollars to the Kansas economy that will strengthen business, create new jobs and support rural hospitals to keep health care close to home.

KanCare expansion is good for Kansas and for Kansans.

## **Kansas Legislature - 00:30 Script**

The Kansas legislature is talking about a solution to KanCare expansion. One that is budget-neutral, yet provides coverage to low-income, hard-working Kansans.

By expanding KanCare, we can bring Kansas dollars BACK to our state to support rural hospitals and keep health care close to home.

Plus, millions of new dollars will be will be injected into the Kansas economy to strengthen business and create new jobs.

## **Invest in Kansas - 00:30 Script**

There are thousands of low-income, hard-working Kansans who are uninsured, but it doesn't have to be that way. By expanding KanCare, more Kansans will get the health care coverage they need.

Kansas federal tax dollars are already paying for expansion efforts ... just not in our state. KanCare expansion will bring Kansas dollars home to be invested in OUR state, OUR citizens and OUR communities.

KanCare expansion is good for Kansas and for Kansans.

## **Maybe You Know - 00:60 Script**

Maybe you already know that expanding KanCare in Kansas will help one hundred and sixty thousand low-income Kansans gain affordable access to health care.

Maybe you already know the majority of those people are employed, just not making enough to cover the cost of health insurance premiums.

But here's something you may not know:

The Kansas legislature is currently talking about KanCare expansion and NEEDS to make a decision soon if we want to bring two point two billion dollars in federal tax money to Kansas over the next three years. That money will not only COVER low-income citizens in need of health care, it will also help strengthen the Kansas economy by fueling local business and job growth.

But if the legislature decides to decline KanCare expansion again, our state will lose more than six hundred and forty-five million dollars in federal funding next year.
