

Pneumococcal Vaccine Update for Physicians and Clinicians

April 30, 2024

Noon - 1:00 p.m.

[Click Here to Register](#)

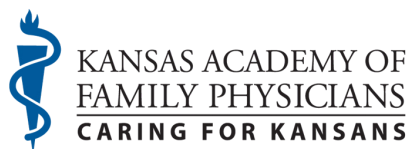

Streptococcal disease poses a significant health risk for patients at risk for serious disease. The goal of immunizing patients with pneumococcal vaccines is to prevent the spread of *Streptococcus pneumoniae* and invasive disease. There are two types of pneumococcal vaccines available in the United States: pneumococcal polysaccharide vaccine (PPSV23) and pneumococcal conjugate vaccine (PCV13, PCV15, and PCV20). Pneumococcal vaccination recommendations can be complicated to maneuver. With the approval of two new pneumococcal vaccines in 2023, guidelines have been updated for both adults and children.

Please join us for a pneumococcal vaccine update webinar on Tuesday, April 30, noon - 1:00 p.m. and hear from Lynn Fisher, MD, family physician and Gretchen Homan, MD, pediatrician, who will provide updates impacting adult pneumococcal vaccine recommendations for adult and pediatric patients, respectively; and Monica Pando, RN, VFC Coordinator, who will discuss navigating these updates from a clinic perspective.

Webinar participants will:

- Identify the pneumococcal vaccines available in the US, and new pneumococcal vaccines approved in 2023;
- Learn the indications and updated recommendations for pneumococcal vaccination in adult patients;
- Understand the pediatric indications and updated recommendations for pneumococcal vaccination;
- Understand how to manage these updated recommendations from a clinic perspective.

In partnership:

**Kansas Hospital
ASSOCIATION**

Pneumococcal Vaccine Update
for Physicians and Clinicians

April 30, 2024

Noon - 1:00 p.m.

Continuing Education

The Kansas Hospital Association is approved as a provider of continuing nursing education by the Kansas State Board of Nursing (Provider No. LT 0031-0116). This webinar has been approved for one (1) contact hour applicable for RN and LPN relicensure. Continuing nursing education certificates will be distributed by email to attendees who complete the CNE Attendance Form.

Application has been made with the Kansas Board of Pharmacy for one (1) contact hour of pharmacy continuing education. Approval is pending.

"The AAFP has reviewed Pneumococcal Vaccine Update for Physicians and Clinicians and deemed it acceptable for up to 1.00 Live AAFP Prescribed credit(s). Term of Approval is from 04/30/2024 to 04/30/2024. Physicians should claim only the credit commensurate with the extent of their participation in the activity. AAFP Prescribed credit is accepted by the American Medical Association as equivalent to AMA PRA Category 1 credit(s)[™] toward the AMA Physician's Recognition Award. When applying for the AMA PRA, Prescribed credit earned must be reported as Prescribed, not as Category 1.

For all AAFP credit equivalencies and recognition, please see the AAFP Credit System website."

Registration

To receive connection instructions in a timely manner, please register by April 26.
