About Us

The HVK Board of Directors is composed of volunteer leaders from all areas of Kansas. The HVK Board is the coordinating body for all of the activities of our organization, sets policy and plans all of the educational meetings.

The Hospital Volunteers of Kansas is divided into six (6) districts. Each is represented on the Board by a District Coordinator who so responsible for assisting the volunteer groups in their area and will visit them when invited.

Members from each district meet annually for an educational meeting. State Leaders from HVK present interesting information of value to the attendees, and legislative information is always included. Member volunteer groups report on their local activities and share information about their special and successful projects with other groups in their area.

HVK Mission Statement

Hospital Volunteers of Kansas provides assistance, communication and education to local volunteer organizations and supports the established goals of the Kansas Hospital Association to promote better health care in our state.

Our Goals

The goals and objectives of the Hospital Volunteers of Kansas are to:

- Establish a statewide volunteer network to foster health care volunteerism at the grassroots level;
- Provide educational programs and services to increase the knowledge and skills of healthcare workers;
- Develop volunteer leadership;
- Create awareness of healthcare issues and encourage public support of the Kansas community health care system.

HVK Purpose

The purpose of this association shall be to:

- Act as a coordinating body for its volunteer members;
- Assist in the organization of hospital volunteer organizations;
- Develop leadership
- Promote community awareness;
- Promote benefits and objectives of member volunteer organizations;
- Work with the Kansas Hospital Association (KHA) in the promotion of better health care.

An Invitation To Join HVK

Since 1952 HVK, formerly known as HAK, has promoted and supported strong, viable healthcare volunteerism in Kansas hospitals. We invite you to join us in supporting the volunteer efforts in our hospitals and become an Associate Member Benefits.

Associate Member Benefits

- Receive four (4) issues of the official Newsletter *The Sunflower Newsletter*, which contains many ideas about successful fundraising and service ideas.
- Receive the HVK roster containing name and contact information of all member volunteer organization's presidents, HVK Board members and KHA officials.
- Members may attend annual district meetings held in the spring and:
 1. Learn new ideas shared by other HVK member groups;
 2. Hear current legislative information;
 3. Individual Associate Members participate in a special drawing at the biennial Convention.
- Receive assistance with problems upon request. HVK also helps with the start of new member volunteer groups and revitalization of existing organizations.
- Members may attend the biennial HVK Convention for a small fee per person and have the opportunity to:
 1. Attend KHA programs;
 2. Learn about a variety of health-related topics;
 3. Receive cutting-edge information;
 4. Learn about national trends in Volunteering.
