

KAHRMM

Kansas Association for Healthcare
Resource & Materials Management

Allied with the Kansas Hospital Association

Benefits of Becoming a KAHRMM Member

Professional Development

KAHRMM supports professional development via workshops, publications, and information easily accessible on the KAHRMM website. Members stay informed of industry trends and how to respond in this rapidly changing healthcare environment.

Networking

Joining this supportive group of peers, members have numerous opportunities to connect with others in both professional and social settings as KAHRMM hosts Lunch 'n Learns, vendor trade shows, committee meetings as well as annual conferences held throughout the state.

Scholarships

While most KAHRMM events are free for members to attend, KAHRMM offers scholarships, as available, for members to attend KAHRMM chapter and AHRMM national educational events.

Leadership Growth

Through chapter leadership and committee engagement, KAHRMM provides Healthcare Supply Chain professionals a forum to improve their leadership skills.

Mentoring

While KAHRMM members share their knowledge and expertise during educational functions throughout the year, members are available to mentor individuals new to the field of Healthcare Supply Chain.

Expand your Knowledge

KAHRMM is a conduit to the national organization, AHRMM, allowing members access to webinars, publications, listservs, knowledge center and open forums at the national level.

Community Service

With a strong belief and tenured history of sharing its resources of time, talent and treasure, KAHRMM members value the tradition of volunteering annually to staff the Special Olympics State Basketball Tournament. The chapter extends ongoing support of Project Perfect World through donations of funds, supplies and equipment.

Diamond Chapter

KAHRMM maintains AHRMM's highest chapter recognition for the last 9 years with active member participation in offering education and valuable information.

*Become a member of this strong community of
dedicated Kansas healthcare supply chain leaders!*
