April 16, 2025

2025 Session Wrap-Up Report

[The 2025 End of Session Report](#) was designed for hospitals to review the legislation that passed during the 2025 legislative session and to understand what will carry over when the legislature returns on Jan. 12, 2026.

Now Is a Great Time to Connect with Legislators

A reminder that now is a great time to invite your state legislators to connect with your team at your hospital. You can use the [Kansas Hospital Association's advocacy tool](#) to find your policymaker and arrange a visit. You can also reach out any time to Tara Mays at tmays@kha-net.org to help in arranging a visit by your state elected officials.
