  - USAC requests an IRS990 form, or equivalent.
- USAC uses official websites to verify address, otherwise they will require a **lease or utility bill to verify the location**. If any of your locations do not have an official website, **please include the lease or utility bill with your application packet** to make sure the 460 request gets processed as quickly as possible. Please note what USAC is specifically looking for is the address of the location on the website. Each individual location needs to have their own webpage. If all addresses are found somewhere on the main hospital website, please provide the direct link to the page that shows the address.

**INVOICE RETRIEVAL OPTIONS**

Timely receipt of invoices is imperative to your success in the Rural Health Care program. USAC requires invoices for services that show an accurate assessment of what is filed on your behalf; one current invoice per service. After initial filing, invoices are also used to verify said service(s) were billed correctly and active for the funding year before any funds are authorized and released. One year of invoices are needed, to be provided quarterly, starting July 1st of the given funding year; for timely processing of your funds.

FFG has three convenient options to consider for invoice retrieval. Please check your preference and sign below.

_____ **READ ONLY VENDOR PORTAL ACCESS.** The preferred option. It is advantageous to offload Health Care Provider (HCP) resources, as well as provide the most efficient time management for all parties. See next page for the FORM to authorize this option. One form needed for each vendor.

_____ **AUTHORIZATION TO WORK DIRECTLY WITH HCP’s SERVICE PROVIDER(S).** Please provide name. 

**PLEASE PROVIDE VENDOR CONTACT INFORMATION BELOW**
