Kansas health care leaders are navigating a rapidly evolving medical professional liability environment; rising claim severity, workforce pressures, regulatory shifts, and increasing financial exposure. Understanding the current malpractice landscape is critical for protecting patients, providers, and organizational sustainability.

Join the Kansas Hospital Association for a Noon Briefing on Friday, Feb. 27, featuring KAMMCO, Kansas's physician-led medical professional liability insurance provider, for an in-depth look at the current state of malpractice insurance in Kansas. Kurt Scott, President and Chief Executive Officer with KAMMCO will share insights into claims trends, market conditions, emerging risks, and what hospitals and providers should be preparing for in the year ahead.

Participants will gain practical perspectives on how malpractice trends impact operations, patient safety strategies, insurance costs, and risk management planning and how organizations can proactively position themselves for stability and success.

About KAMMCO

Founded in response to the medical malpractice crisis of the late 1980s, KAMMCO is a physician-led medical professional liability insurance provider dedicated to supporting Kansas health care providers. With deep expertise, strong member advocacy, and a commitment to quality care across the state, KAMMCO serves as a trusted partner to hospitals, physicians, and health care organizations.
