

SURVEY READINESS WEBINAR PART THREE

Commonly Cited Deficiencies

Wednesday May 6, 2026

Noon - 1:00 p.m.

[Click Here to Register](#)

The first part of our Survey Readiness webinar series provided an overview on where to find the Conditions of Participation and the important interpretive guidelines and survey procedures for meeting those regulations. We also reviewed the survey process. The second webinar includes Susan Runyan providing a deep dive into meeting the QAPI Conditions of Participation, even in areas where interpretive guidelines and survey procedures aren't available. In the third part of the webinar series, we will focus on specific areas requested from our members and dive a little deeper into CoPs for those areas.

Reviewing the most commonly cited CMS deficiencies across all hospital types, nursing-related CoPs are areas of concern. How can our member hospitals avoid similar deficiencies? We will discuss the standards behind the cited deficiencies. Human Resources and Employee Health can be difficult areas to find specific CoPs to meet. Environmental Services and Facilities are vital to the safety of our patients and staff. We will break down a few of the CoPs related to the service from these departments as well. This webinar includes a discussion from a panel of peers from around the state and across hospital types. They will join us to provide their experiences in meeting the variety of regulations discussed.
