KHA Workers' Compensation Fund & Safety Seminar

The KHA Workers' Compensation Fund has been providing workers' compensation insurance to members of the Kansas Hospital Association since 1991. This seminar offers a broad overview of key topics in workers' compensation and workplace safety specifically tailored for the health care industry and our members.

This seminar is ideal for professionals involved in new employee orientation, employee injury reporting, safety training, risk management, policy implementation and workers' compensation oversight in their organization. Participants will gain essential knowledge and practical tools to effectively manage and navigate the complexities of workers' compensation and related processes.

Keynote Speaker:

Mike Hourigan, CSP Author, Speaker, Consultant

Before becoming a professional speaker, author, and consultant, Mike enjoyed a successful career in corporate America. Mike provides immediately usable information in a fast, funny, and fact-filled way that leaves the audience wanting more.
