Your Retirement Timeline – Steps to Take at Every Stage

Dec. 15, 2026

Noon - 1 p.m.

Click Here to Register

Understanding your retirement timeline can help guide the steps you take today. Whether you're more than 20 years away from retirement or planning to retire within the next two years, join us to explore key priorities along the way. From building your savings and making the most of employer-sponsored retirement benefits to understanding important age milestones and planning for future retirement income, you'll gain insights to help you stay on track. Learn how to maintain momentum, avoid common pitfalls and develop a strategy that aligns with your goals as retirement approaches.

Presenter: Tristan Talley, Senior Vice President, OneDigital

Tristan Talley from OneDigital has worked with families and individuals for more than 20 years to help them achieve successful retirement outcomes. He helps clients align their financial decisions with the lives they want to live, building relationships that span generations.

OneDigital Financial Services provides financial planning, investment management and retirement planning services to individuals, families and businesses. Its advisors work with clients to develop personalized strategies that support their financial goals at every stage of life.
