The health and safety of meeting attendees is a top priority for us. To help reduce the risks associated with the spread of COVID-19, we have evaluated guidelines from the meeting facilities, local and state guidance and recommendations from the Centers for Disease Control and Prevention.

Individuals should stay home if they have tested positive for COVID-19 in the past 14 days, are waiting for COVID-19 test results, have COVID-19 symptoms, or if they have had close contact with a person who has tested positive for or who has symptoms of COVID-19.

We respect the privacy and personal choices of all attendees. We will not be asking if you are vaccinated. Knowing that each individual has unique situations, we will assume that some attendees may be at risk for COVID-19. It is for this reason, that the following guidelines will be observed during our meeting:

- The meeting room will be set to allow for 6 feet of social distancing between each attendee.
- Masks are recommended to be worn in the meeting room and facility anytime 6 feet of social distancing cannot be maintained.
- Hand sanitizer will be readily available for attendee use. Extra masks will also be available.
- We will do our best to keep food and beverages in individual, closed containers. Please sanitize hands prior to use of the beverage stations.
